

2025 Impact Report

A Message From Our Founder:

Every number in this Impact Report represents a life changed. Through our programs in the Philippines, Rwanda, and Uganda, **we are seeing real transformation in the lives of individuals, families, and entire communities.**

With the generosity of our donors and partners, we're building protection against exploitation. Child survivors in the Philippines are receiving the care they need to heal. Vulnerable children in Rwanda are now receiving an education, and teen girls in Uganda are gaining practical skills and qualifications that give them a way to support themselves.

These initiatives are helping create a safer future for children, while equipping communities to better protect and empower the most vulnerable among them.

Thank you for believing in this work and spreading hope where it's most needed. **Together, we are seeing transformation that reaches far beyond one individual and will impact generations to come.**

Charisa Stauffacher
Founder

For protection, survivors are not shown.

Key Accomplishments

100%

of child survivors in our homes were fully sponsored and holistically cared for

3,875

vulnerable children reached and supported

168

outreach sessions conducted

25

schools and communities reached

In 2025, our programs reached more than 3,800 people!

2025 Highlights

Philippines

Our safe homes offered 24/7 care and comprehensive support to 18 child survivors of sex trafficking. Community outreach programs reached 3,600+ children in vulnerable communities with education on trafficking prevention.

Rwanda

In the rural village we serve, more than 150 children received access to education who otherwise would not have had the opportunity to attend school. 40 women were trained with sewing and hairstyling skills. Education is a key component in breaking cycles of poverty and reducing vulnerability to exploitation.

Uganda

Through our hairdressing school, 30 teen girls were equipped with the skills, tools, and qualifications they need to build sustainable livelihoods. This program also teaches awareness training that will empower girls to protect themselves.

Looking Ahead

With your generous support, in 2026-2027 we will:

Expand outreach in the Philippines to reach 4,000+ children and families.

Launch a sewing program for 30 teen girls in Uganda, creating new opportunities for sustainable income.

Establish a summer school in Rwanda that will provide extra mentoring and tutoring support for 40 of our most at-risk students.

Thank you for bringing hope to children who need it most!
